_____)	

Greg Hampikian, Ph.D., being first duly sworn, deposes and states as follows:

1. I am currently a Professor of Biology and Criminal Justice at Boise State University. I have a Ph.D. in Genetics from the University of Connecticut and performed postdoctoral research at La Trobe University in Australia, and the Worcester Foundation for Experimental Biology in Massachusetts. A true copy of my curriculum vitae is attached to this affidavit as "Exhibit A". Currently, my research focuses on DNA analysis, including DNA database and population studies, forensic casework analysis, and forensic DNA technology development.

DECLARATION OF GREG HAMPIKIAN

2. I have been retained as a DNA expert for Chad Daybell, through his attorney John Prior.
3. This affidavit concerns the State's proposed consumption of evidence for trace/touch DNA testing of two distinct samples to be associated with this case.
4. I am concerned that since the State very recently disclosed to the defense the existence of this information, that I will not have sufficient time to provide the analysis, review and prepare an opinion as it relates to both of these samples. In addition, if it is deemed necessary to conduct our own evaluation and testing of the States procedures there is a very large amount of information that will need to be provided to my office in order to make an informed and proper evaluation. Aside from the testing of the information provided. The review and analysis of the State's work and the preparation of a report will take a minimum of eight weeks once I receive all of the information that I need for a review.
5. As provided by Idaho Code Section 9-1406, I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct to the best of my knowledge and belief.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

DATED this 26th day of January, at Boise, Idaho.
